PROFILE

Hello.

Motivated IT Engineer & Community Manager with at least 6 years experience in managing Discord communities and Linux Servers. Committed to over-work because of liking the job, making finishing projects faster while still having a very flexible schedule.

ABOUT ME

I'm Dominic, aka. Faye!

I was born in Sneek, Netherlands on 17.08.2000.

I like to poke around small projects & make it a bigger project for others.

I learned almost everything myself. In my free time I do Game Development, Web design, Web development, Discord bot development as well as Hosting. I have my own dedicated Linux Server on which I do all my stuff on. I always over-work, so I get to finish the projects faster, because I love what I do!

I have the passion to learn new programming languages, tools and more, because I have a large interest in them.

I'm a slow(er) learner than the rest of the world, but I commit to learn more.

EMPLOYMENT HISTORY

IT Engineer & Electrician, DutchBoxx Golfkarton B.V.   Heerenveen
2019 — Present

EDUCATION

Electrician, GBS Grafschaft Bentheim   Nordhorn
Aug 2018 — Jun 2019

OTHER ACTIVITIES AS A FREELANCER

Any kind of company

I helped a lot of small Companies (Mostly around me) with their Remote Desktop & having their people (workers, employees) work from home during COVID!

Friend-Projects

Any E-Commerce sites, portfolios and more.

Discord bot development
Nov 2016

Create Discord bots for communities that need it. Contact before creation.
